

Armenia's growing tourist industry prides itself on the nation's fascinating history.

Armenian-Americans are contributing to the development of their homeland by investing and promoting the nation on the international stage. Today is a great day for them and their homeland. I congratulate Armenia on 15 years of freedom and progress and trust that our nations will grow even closer in the future as we seek to promote liberty around the world.

#### ANOTHER NASA SUCCESS

### HON. RON PAUL

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 21, 2006

Mr. PAUL. Mr. Speaker, the National Aeronautics and Space Administration (NASA) successfully completed another space shuttle mission with this morning's landing of the Space Shuttle *Atlantis* and the completion of the STS-115 mission. Launched on September 9, STS-115 is the 116th space shuttle mission, and the first since 2002 to include work on assembling and expanding the International Space Station. The successful completion of the STS-115 mission puts the space station back on the road to completion.

The major accomplishments of the STS-115 mission include the delivery and installation of the massive P3/P4 truss—an integral part of the space station's backbone—and two sets of solar arrays that will eventually provide one quarter of the space station's power. The crew's other accomplishments include preparing an important radiator for later activation, installing a signal processor and transponder that transmit voice and data to the ground, and performing other tasks to upgrade and protect the space station's systems.

The STS-115 mission is the first time a procedure called "camp out" was implemented. A "camp out" is where astronauts sleep in the Quest airlock prior to their space walks. The process shortens the "prebreathe" time during which nitrogen is purged from the astronauts' systems and air pressure is lowered so the space walkers avoid the condition known as the bends. The "camp out" procedure enabled the astronauts to perform more than the number of scheduled activities on each of the mission's three space walks.

The *Atlantis*'s crew performed unprecedented robotics work on this mission. The crew used the shuttle's arm in a delicate maneuver to hand off the school bus-sized truss to the space station's arm, and also moved the space station's robotic arm to a position where it will assist in the next phase of station construction. Perhaps most significantly, the *Atlantis* crew performed the first full fly around of the space station since before the Space Shuttle *Columbia* accident. Thanks to the fly around, ground crews now have a better perspective on the space station's environment and overall exterior health.

Coming less than 2 months after the successful mission of the Space Shuttle *Discovery*, the *Atlantis* mission is another demonstration of the skills and dedication of all NASA personnel. I therefore urge all my colleagues join me in extending congratulations to NASA for the successful completion of the *Atlantis* mission. And extend a special thank you to *Atlantis*'s crew of Commander Brent

Jett, Mission Specialist Joe Tanner, Mission Specialist Steve MacLean, Pilot Chris Ferguson, Mission Specialist Dan Burbank, and Mission Specialist Heide Stefanyshyn-Piper, and the ground team that worked with the shuttle crew to make this mission a success.

#### RECOGNIZING THE ACHIEVEMENT OF BETTY BUCK

### HON. STENY H. HOYER

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 21, 2006

Mr. HOYER. Mr. Speaker, I want to offer my congratulations today to my good friend and Fifth District constituent, Betty Buck of Upper Marlboro, Maryland, who was recently elected as the Chairman of the National Beer Wholesalers Association. Betty is well known for her leadership in the State of Maryland, and this week she made history by being elected the first woman to lead this important national business trade association.

Betty is the President of Buck Distributing, a beer wholesaler in my District, where she oversees a business with annual sales of more than \$40 million and employs more than 100 workers. This is not the first time that Betty's professional vision and competence have elevated her to a leadership position. She has been recognized for her business acumen by serving on the Committee of America's Women Business Leaders and as a past Director of the Greater Washington Board of Trade. In addition, she was named one of the Most Powerful Women in Washington in 1997, and was selected to be a member of the Top 500 Women Owned Business Group and the Top 25 Women Who Mean Business by the Washington Business Journal.

Betty is also a dedicated public servant who is deeply concerned about our community. She has served on numerous boards and foundations in the greater Washington, D.C., area, including the Prince George's Hospital Foundation, the University of Maryland's Foundation Board of Directors, and United Cerebral Palsy.

In addition to her charity work, Betty has also given her time and expertise to her community by serving as a member of the Maryland Judicial Compensation Committee, the Anne Arundel Planning Advisory Board, and the University of Maryland Commission for School Cooperation.

It is a testament to Betty's talents that she has accomplished so much in the professional world while also raising a wonderful family, including her children Kelly, Erin, Tim and Dan.

Mr. Speaker, Betty Buck is an inspiration to all those who desire a career in business and who also want to raise a family and be engaged in their community. I salute her efforts, as she rises to the position of Chairman of the National Beer Wholesalers Association.

CONGRATULATING SILVER STREET ELEMENTARY SCHOOL ON CELEBRATING 90TH ANNIVERSARY OF NEW ALBANY, INDIANA

### HON. MICHAEL E. SODREL

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 21, 2006

Mr. SODREL. Mr. Speaker, I would like to take a minute to recognize an elementary school in my district for a truly significant occasion. Silver Street Elementary School in New Albany, IN will celebrate its 90th Anniversary on September 11, 2006, and will welcome another class this year to continue its history of educating the youth of New Albany.

Silver Street Elementary first opened its doors in 1916. Since then, many generations have passed through its halls. The long history of Silver Street allows grandparents to watch their grandkids walk the same halls they once did years before.

Silver Street has continued to be an excellent education institution. Last month, the school received the first Exemplary Award from the State for improving each year in the Indiana Statewide Testing for Educational Progress test scores.

The philosopher Jean-Jacques Rousseau once wrote, "We are born weak, we need strength; helpless, we need aid; foolish, we need reason. All that we lack at birth, all that we need when we come to man's estate, is the gift of education." Silver Street Elementary has provided this gift for 90 years and the teachers, administrators and parents involved who provided this valuable service to the New Albany community should be commended.

Mr. Speaker, it is an honor to recognize this fine elementary school that has educated many Hoosiers from Southern Indiana. It is an honor to have a historic building still being utilized for educational purposes in the district I represent. Congratulations to Silver Street Elementary for 90 years of success.

#### MILITARY PERSONNEL FINANCIAL SERVICES PROTECTION ACT

SPEECH OF

### HON. RON PAUL

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 20, 2006

Mr. PAUL. Mr. Speaker, as a supporter of ensuring our service personnel have access to a wide range of financial products I am concerned with the provision of the Military Personnel Financial Services Protection Act, S. 418, enacting a complete prohibition on so-called contractual or periodic payment mutual funds, which, according to testimony received by the House Committee on Financial Services, are sold voluntarily with full disclosure to officers at individual meetings held off base.

This is the first time in recent memory that this committee has ever proposed banning a product that is fully permissible under current law and that—again according to testimony received by the committee—is used by thousands of senior military officials to facilitate their financial security. Specifically, we were told that the clients of First Command Financial Planning, the Texas-based company principally involved in this market, has invested
